

Are electromagnetic frequencies actually dangerous?

Most of us don't even consider the fact that we are constantly being bombarded by electromagnetic frequencies. EMF radiation causes harmful oxidative processes to manifest within our cells, which have overall negative effects on our health and well-being. This is the primary factor behind accelerated aging and the incurrence of chronic degenerative illnesses.

How can EMF effect our body...

Restless Sleep

Reduced Brain Activity

Endocrine Disruptor

Sperm Damage

Plants Don't Grow

Cardiac Stress

Where is EMF coming from...

Devices

WiFi Routers

Cell Towers

Appliances

Bluetooth

EMF

PROTECTION

1 DEACTIVATE DEVICES

- Turn off your WiFi Router at night, and whenever it's not being used.
- Put your phone on "airplane mode" at night and leave it on the other side of the room.
- Keep your phone away from your body as often as possible and ditch the smart watch.

2 LIMIT EXPOSURE

Use blue blocking glasses whenever you're browsing or working on your phone or computer.

3 PROTECT HOME

Somavedic is designed on the principle of controlled release of energy from precious and semi-precious stones. Creating a coherent field covering more than 2,800+ square feet. This field mitigates the harmful effects of EMF, geopathic stress, and more!

PRO TIPS:

Free Options: Don't keep phone on body, practice regular grounding, get out in nature without electronics

Consider switching your home from WiFi to ethernet cords for internet access!

Pro Tip: Turn off your cell phone, WiFi and all electronic devices 1 hour before bedtime
